About This Guide

This guide provides a brief introduction to the Kasa Cam Outdoor and the Kasa app, as well as regulatory information.

Please note that features of the product may vary slightly depending on the model and software version you have, and on your location, language and internet service provider. All images, parameters and descriptions documented in this guide are used for demonstration only.

Conventions

In this guide, the following convention is used:

Convention	Description
Teal	Key information appears in teal, including management page text such as menus, items, buttons and so on.
<u>Underline</u>	Hyperlinks are in teal and underlined. You can click to redirect to a website.

Introduction

Kasa Cam Outdoor is designed to keep your home secure. A built-in siren and 2-way audio can scare away unwanted visitors. Day or night, rain or shine, Kasa Cam Outdoor protects what you love most.

- **Deter Strangers** - Sound the siren to keep your home safe and secure from intruders.
- **Capture the Moment** - Watch your family from anywhere and record memorable moments.
- **Have a Chat** - Talk to the person at your door through the camera.
- **High Quality Video Day/Night** - HD quality video at your fingertips that can record up to 30 feet at night with night vision.
- **Cloud Storage Plans** - Upgrade your Kasa Care subscription plan and enjoy video recordings for up to 30 days.
- **Weatherproof** - With an IP65 rating, this camera will monitor in the rain and in high dust conditions.
- **Easy Install** - Magnetic wall mount makes for a quick DIY install. Camera can be easily adjusted for the best angle.
- **Watch on the Big Screen** - Live stream video to your smartphone and Amazon Alexa and Google Assistant supported displays.
- **Activity Zone** - Set high activity zones to reduce false alarms and get smarter alerts to your phone.

Appearance

Kasa Cam Outdoor has a system LED that changes color according to its status, a microphone, a USB cable and a RESET button. See the explanation below:

System LED

- **Solid amber:**
Rebooting
- **Alternating amber and green:**
SoftAP Mode
- **Flashing red:**
Connecting to Wi-Fi
- **Flashing green:**
Connected to Wi-Fi
- **Solid green:**
Bound to Cloud
- **Flashing amber:**
Resetting to SoftAP/Factory mode

Magnetic Mount

Allows you to easily adjust the camera viewing angle (sideways, up and down).

USB Cable

Connects the power adapter provided to power the camera.

RESET Button

Tip: Remove the magnetic mount and use a pin to press the RESET button.

- Press and hold for 3 to 15 seconds: Reset to SoftAP mode
- Press and hold for over 15 seconds: Reset to Factory mode

Speakers and Microphone

Built-in internal speakers and microphone protected by the waterproof membrane.

⚠ Warning: Do NOT insert objects into the holes!

Provided mounting screws:

Set Up Your Camera

Follow the steps below to get started with your new camera.

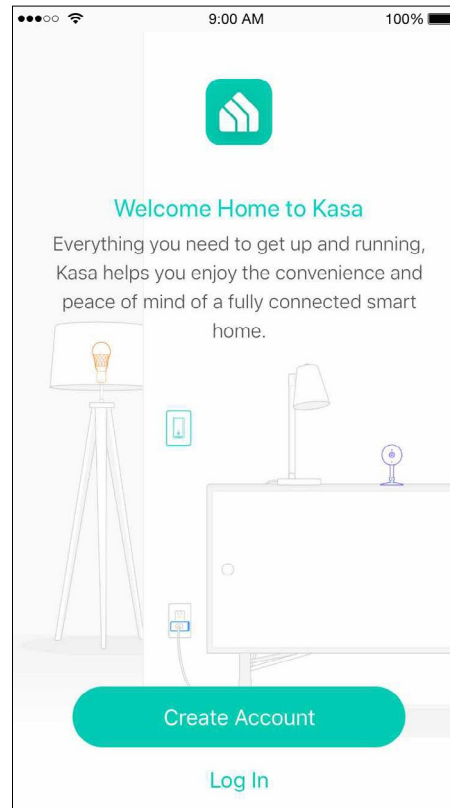

Step 1. Download Kasa

Get the [Kasa Smart](#) app from the Apple App Store or Google Play, or by scanning the QR code below.

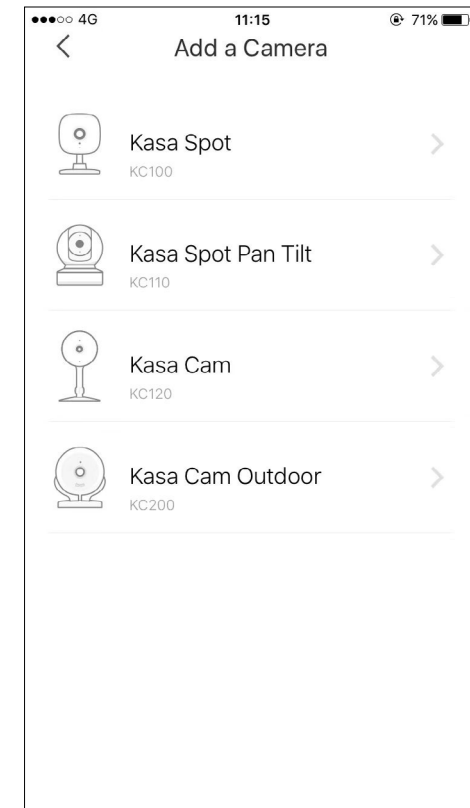

Step 2. Log In

Open the app, and log in with your TP-Link ID. If you don't have an account, create one first.

Step 3. Start Setup

Tap the + button in the Kasa app and select [Cameras > Kasa Cam Outdoor](#).

Step 4. Set up Indoors

Follow app instructions to set up the camera indoors.

Step 5. Install Outdoors

Follow mounting instructions in the app to finish installation outdoors.

😊 Enjoy!

Your camera is ready for use in your device list.

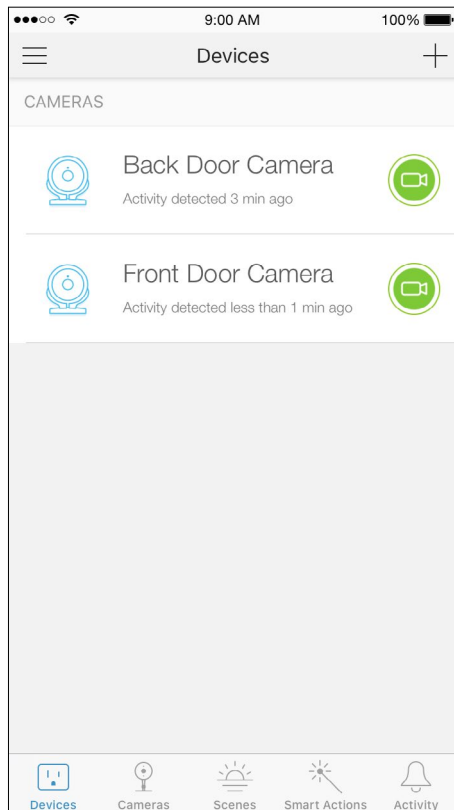

View Your Camera

After initial setup is complete, you can view your camera from anywhere.

View Smart Devices List

Go to the [Devices](#) page, then you can view the list of all your cameras and any other smart devices if any.

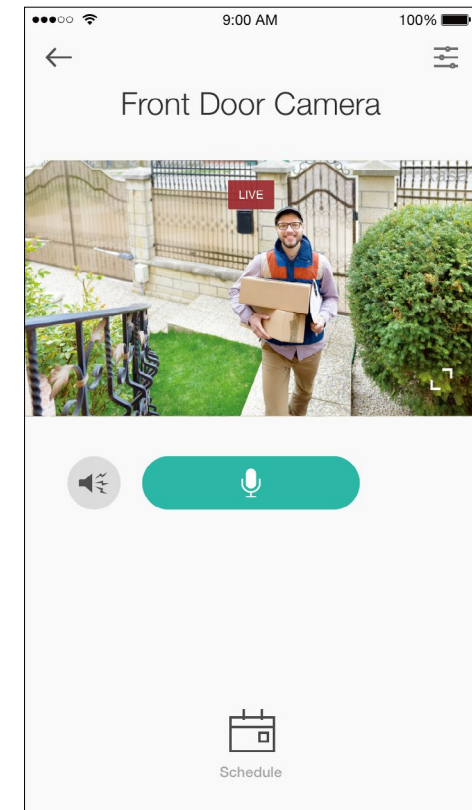

View Cameras List

Go to the [Cameras](#) page, then you can view the list of all your cameras.

View Live Video

Tap a camera on the [Devices](#) or [Cameras](#) page, then you can view the live video, talk to a person near the camera, sound the siren to scare away intruders, and more.

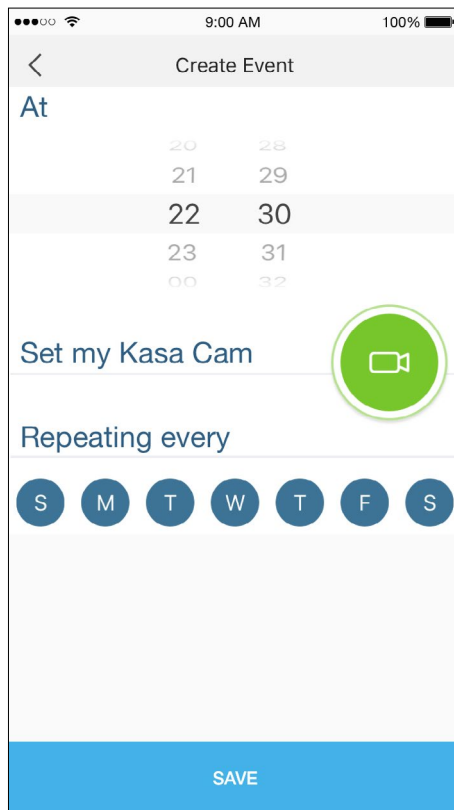

Configure Your Camera

On the live video page, you can configure your camera to meet various needs.

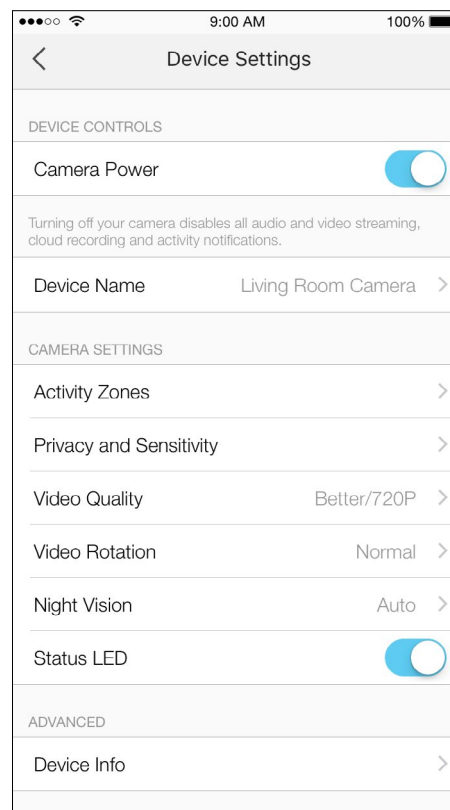

Set Schedule

Tap  on the live video page, then you can schedule an automatic On/Off event for your camera to simplify your daily routine.

Change Camera Settings

Tap  on the live video page, then you can view and change camera settings.

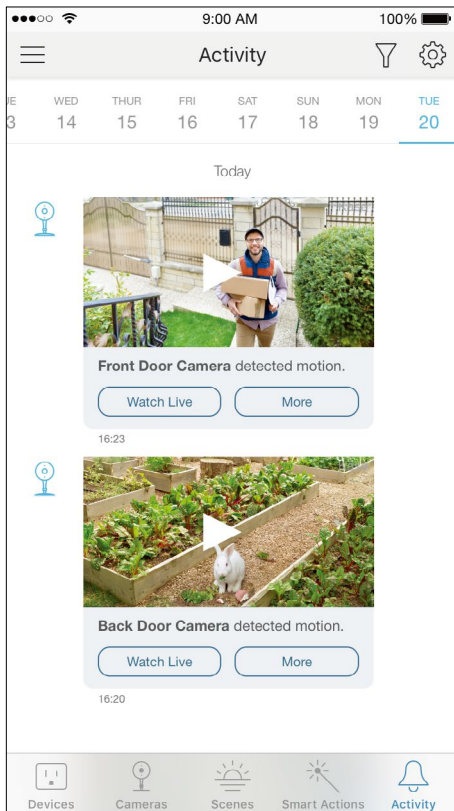

Check Activity Notifications

When you receive an activity notification, you can check the live video immediately, or check the recordings at any time.

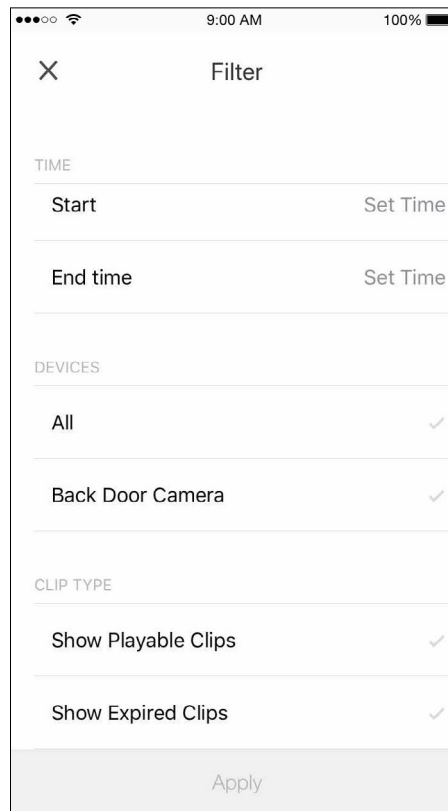

Check Activity History

Go to the [Activity](#) page, then you can view the activity clips that your camera records.

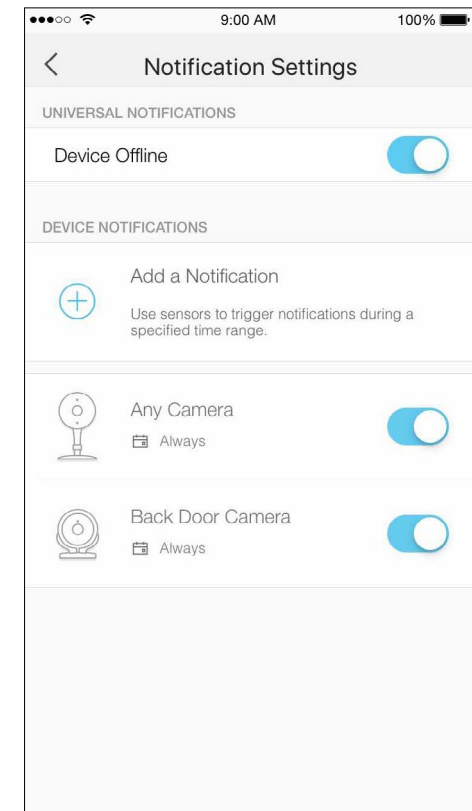

Filter Activity Clips

Tap  on the [Activity](#) page, then you can filter activity clips according to your needs.

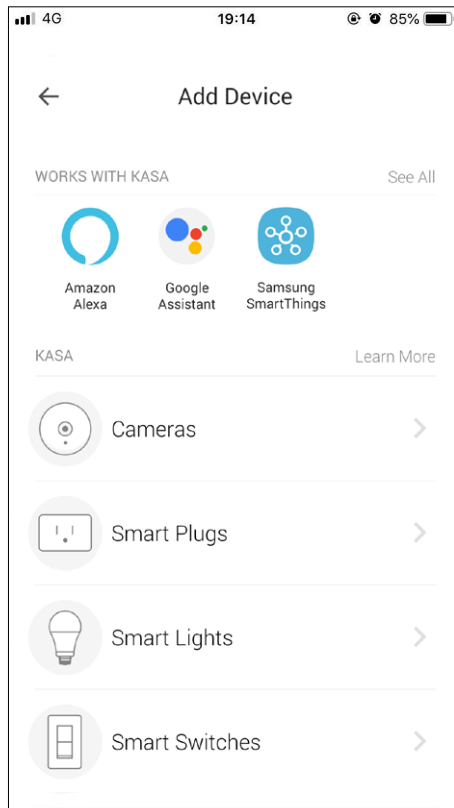

Change Notification Settings

Tap  on the [Activity](#) page, then you can view and change notification settings.

Work with Other Smart Home Products

You can control your camera together with other smart home products from TP-Link, Amazon Alexa, Google Assistant, and more. Tap the + button on the [Devices](#) page, and add more TP-Link devices or other devices that work with Kasa.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

FCC RF Radiation Exposure Statement

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This device and its antenna must not be co-located or operating in conjunction with any other antenna or transmitter.

"To comply with FCC RF exposure compliance requirements, this grant is applicable to only Mobile Configurations. The antennas used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter."

We, **TP-Link USA Corporation**, has determined that the equipment shown as above has been shown to comply with the applicable technical standards, FCC part 15. There is no unauthorized change is made in the equipment and the equipment is properly maintained and operated.

CE Mark Warning

This is a class B product. In a domestic environment, this product may cause radio interference, in which case the user may be required to take adequate measures.

OPERATING FREQUENCY (the maximum transmitted power)

2400MHz~2483.5MHz / 20dBm

No restrictions exist in the use of radio frequencies or frequency bands in all EU member states and EFTA countries.

EU Declaration of Conformity

TP-Link hereby declares that the device is in compliance with the essential requirements and other relevant provisions of directives 2014/53/EU, 2009/125/EC, 2011/65/EU and (EU)2015/863.

The original EU declaration of conformity may be found at <https://www.tp-link.com/en/ce>

RF Exposure Information

This device meets the EU requirements (2014/53/EU Article 3.1a) on the limitation of exposure of the general public to electromagnetic fields by way of health protection.

The device complies with RF specifications when the device used at 20 cm from your body.

Canadian Compliance Statement

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

1. l'appareil ne doit pas produire de brouillage;
2. l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement

Radiation Exposure Statement:

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

Déclaration d'exposition aux radiations:

Cet équipement est conforme aux limites d'exposition aux rayonnements IC établies pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec un minimum de 20 cm de distance entre la source de rayonnement et votre corps.

Industry Canada Statement

CAN ICES-3 (B)/NMB-3(B)

Korea Warning Statements:

당해 무선설비는 운용중 전파혼신 가능성이 있음.

NCC Notice & BSMI Notice:

注意!

依據 低功率電波輻射性電機管理辦法

第十二條 經型式認證合格之低功率射頻電機，非經許可，公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性或功能。

第十四條 低功率射頻電機之使用不得影響飛航安全及干擾合法通行；經發現有干擾現象時，應立即停用，並改善至無干擾時方得繼續使用。前項合法通信，指依電信規定作業之無線電信。低功率射頻電機需忍受合法通信或工業、科學以及醫療用電波輻射性電機設備之干擾。

安全諮詢及注意事項

- 請使用原裝電源供應器或只能按照本產品注明的電源類型使用本產品。
- 清潔本產品之前請先拔掉電源線。請勿使用液體、噴霧清潔劑或濕布進行清潔。
- 注意防潮，請勿將水或其他液體潑灑到本產品上。
- 插槽與開口供通風使用，以確保本產品的操作可靠並防止過熱，請勿堵塞或覆蓋開口。
- 請勿將本產品置放於靠近熱源的地方。除非有正常的通風，否則不可放在密閉位置中。
- 請不要私自打開機殼，不要嘗試自行維修本產品，請由授權的專業人士進行此項工作。

限用物質含有情況標示聲明書

產品元件名稱	限用物質及其化學符號					
	鉛 Pb	鎘 Cd	汞 Hg	六價鉻 CrVI	多溴聯苯 PBB	多溴二苯醚 PBDE
