EZVIZ™

# Quick Start Guide

1 Wiring

1 Connect the monitor to your NVR via the HDMI or VGA cable.
ⓘ The HDMI cable is included in the box while the VGA cable should be purchased seperately.

2 **Optional**

Connect the router to your NVR.
ⓘ If you want to access the video recording via your phone/pad/pc, please follow this step.

3 Connect the mouse to your NVR.

2 Setup

4 Connect the power outlet to your NVR.

❶ Power on the NVR.
❷ [For First Time Access] When the Wizard interface appears on the monitor, set the password.
❸ Log in the NVR.

3 Linkage

5 Connect the camera(s) to your NVR.

ⓘ [For First Time Access] The cameras can be linked to the NVR automatically once they are all powered on.
ⓘ Once pressing the RESET button in the camera, you should search the camera via the monitor and link it manually.

4 APP

6 **Optional**

ⓘ Make sure you have connected the router to your NVR.
