ANSWERING A CALL

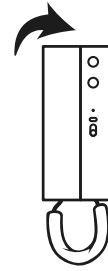

During a call

1 To answer an incoming call pick up the handset.

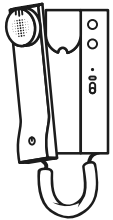

2 With the handset lifted a conversation with the caller can begin.

3 To end the call replace the handset back on the cradle.

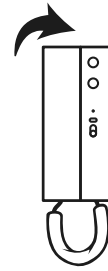

TO OPEN THE DOOR

During a conversation

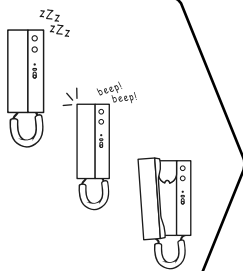

1 During a conversation, with the handset lifted, press the lock button  to operate the lock.

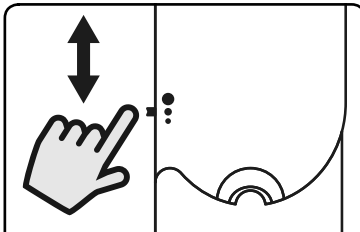

2 To end the call replace the handset back on the cradle.

CALL TONE VOLUME ADJUSTMENT

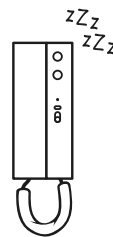

In every situation

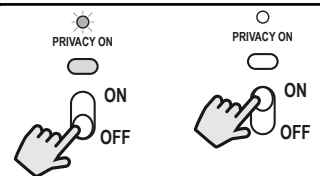

Move the volume switch to the lower position to set the call tone volume to low, to the middle position to set the call tone volume to medium and to the upper position to set the call tone volume to high.

OPERATING THE PRIVACY SWITCH

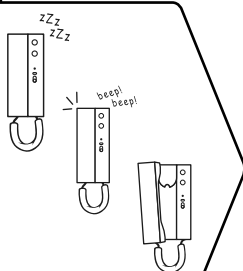

In standby

To activate privacy and switch the phone OFF, move the privacy switch to the OFF position (the privacy LED will switch ON, if this was set up during the installation). To switch the phone back ON, move the privacy switch to the ON position (the privacy LED will switch OFF).

SPARE SERVICE BUTTON

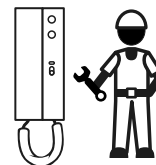

In every situation

Press the spare service button to activate a secondary function (if this was set up during the installation).
